The Wonderful Horrible Problem with Plastic

When you bring up the topic of “plastic” you often receive very contrasting reactions.

Some people consider plastic as one of the most wonderful inventions ever created. To others, plastic is the bane of our existence, polluting our oceans, destroying our environment and threatening our world. The truth is these two contrasting viewpoints are actually both correct.

Plastic is made into many things we use every day, including versatile and efficient, low-cost packaging. The downside is plastic has become so cheap and commonplace, it often ends up being thrown away after a single use.

Research by the Mote Marine Laboratory located in Sarasota, Florida found that a typical plastic bottle will take over 450 years to break down and decompose. The sad irony is food and beverages with a short shelf-life of a few weeks or months, are packaged in plastic containers which

will continue to exist for many centuries.

Much of this plastic is filling up our landfills, littering our environment and polluting our waterways. This is a huge problem for our society, especially since plastic lasts so long. However, the terrible long-lasting problem of plastic can be a wonderful problem to have. Enter the concept of recycling! Instead of throwing plastic away, it can be recycled to make other things. Recycling not only keeps plastic out of landfills and reduces pollution in the environment, but it also consumes less energy and natural resources by reusing valuable materials.

One of the greatest benefits from using recycled plastic to make outdoor park furnishings, is that they will last far longer than items made of wood, metal and other traditional materials. The horrible long-lasting problem of plastic can become a very wonderful solution when it is recycled into something you want to last a very long time.

Comparison of recycled HDPE plastic and other materials used to make outdoor furnishings

Key Attributes	Recycled HDPE	Natural Lumber	Treated Lumber	Composite*	Steel	Aluminum	Concrete

**Composite refers to material using a combination of plastic and organic matter such as saw-dust.*

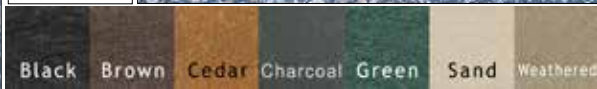

Something to think about:

Scientific studies show that a typical milk jug, which is made from HDPE plastic, will take over 450 years to break down and decompose in the environment. Our products are made from recycled HDPE plastic which primarily comes from milk jugs.

Board Colors

Park Benches

- Frames, seats and backs made from recycled HDPE plastic for low maintenance and durability
- Stainless steel fasteners
- Solid color-through and UV protected material
- No rot, no rust, no splinters nor peeling paint
- Never needs sanding, refinishing or repainting
- Can be permanently anchored

Park Benches

B

The Willow Bench

The Willow Bench offers a contemporary styled, yet comfortable bench. Featuring sleekly designed bench frames, they appear similar to modern cast metal frames, but are made from recycled plastic. It uses rounded, bull-nose edged 2" x 4" boards on the seat front and top of the bench back with 2" x 2" slats filling the rest of the contoured bench for comfort, ventilation and quick drying.

For engraving and plaques see pages 15-16. For Anchor Kits see page 9.

Park Benches

The Traditional Bench

The Traditional Bench is one of our best selling benches due to its timeless, functional design combined with the rugged durability that comes with being made from recycled HDPE plastic. Both the seat and back are constructed using wide 2" x 6" planks for comfort and stability.

Economizer Traditional

The Economizer Traditional uses the same bench design as the Traditional Bench but with lighter weight 1 1/4" x 5" plastic lumber instead of standard 2" x 6" planks.

The Economizer Traditional & Traditional benches are a popular selection for engravings and plaques. The wider boards provide more room for larger type and logo (see page 15).

A

Landmark Bench

The Landmark Bench is rugged and sturdily built, and quite functional with three 2" x 6" planks providing a deep comfortable seat. The extra-wide 2" x 10" backboard creates a large "artistic canvas" that is popular for engraving and plaques with plenty of room for text, large logos and other artwork (see pages 15-16). Anchor Kits available on page 9.

Anchor Kits

In-Ground Anchor Kit

Enlarged to show detail

For securing benches and other outdoor furnishings placed on grass or hard ground.

- Includes:
- 2—15" long, 1/2" diameter powder coated steel auger anchors
 - 2—2" stainless steel washers
 - 2—2" x 1/4" stainless steel security-keyed screws
 - 1—Security-keyed screw bit with each order

ITEM	WGT.	DESCRIPTION
FP-ANKGRD	4 lbs	In-Ground Anchor Kit
FP-ANK	1 lb	Hard Surface Anchor Kit

Hard Surface Anchor Kit

For securing benches and other furnishings on concrete pads, decks, patios, etc. Includes:

- 4—37/8" L x 1 1/2" W x 1 1/2" H aluminum L-shaped brackets
- 8—1 1/4" x 5/16" stainless steel lag screws

Additional hardware required, depending on the substrate being mounted upon

Facilities & Accessories

The Elite bench can be engraved or have a plaque on the front seat edge only (see page 15)

A

Elite Bench

The Elite Bench offers a contemporary and comfortable design combined with the durability of recycled plastic. Constructed with sandwiched 1¹/₄" x 3" planks, the slatted design allows air flow for comfort and prevents puddling of rainwater.

A

Park Classic Bench

The Park Classic is designed to be exactly that, but with upgrades in style and comfort. The ball-top bench frames provide higher back support, and the recycled plastic 2" x 4" planks are bull-nosed on the edges of the seat and bench back.

A

Traditional ADA Bench

Our Traditional ADA Bench embraces the recommendations set forth in the United States Access Boards' Guidelines and Standards. The 18-3/4" seat height and arms are helpful to mature guests and everyone with limited mobility when sitting down and rising to stand again. The seat is extra deep and the taller seat back (21") provides additional full support for the back, head and neck.

B

C	TB8HA	246 lbs	8 ft. Traditional ADA Bench	8' L x 26 ¹ / ₁₆ " W x 35 ¹ / ₂ " H	1856	900 lbs

Note on ADA outdoor benches: The United States Access Board (www.access-board.gov) established ADA Guidelines and Standards stating "where benches without tables are provided at a single location: at least 50%, but no fewer than one, shall have a seat height at the front edge of 43 cm (17 in) minimum and 49 cm (19 in) maximum above the ground or floor space." (R307.6.3.2); "at least 50%, but no fewer than one, shall provide clear space complying with R402" (30" minimum by 48" minimum) "positioned at the end of the bench seat and located for shoulder-to-shoulder seating" (R307.6.3.1). All of our backed benches meet the ADA seat height guideline. The Traditional ADA Bench meets the additional recommendations under *Advisory R307.6.3.2* that, "Benches will be most useful if they have full back support and armrests to assist in sitting and standing". Thank you for reviewing and adhering to these guidelines when placing your benches.

Color Inlaid Engraving

Engraving cuts into the surface of a bench board approximately 1/4" deep, creating a shadow effect. The visibility can vary depending upon ambient light and background color. Color resin inlays can make engravings stand out more or be used to create more colorful artwork and logos. Mile Markers (pg. 40) can also be custom engraved with color inlays.

Custom Engraving

Each of our 11 backed benches can be personalized with custom engraving of text and artwork. When selecting a bench for engraving, consideration should be given to the size and number of boards that can be engraved on each bench.

Custom Engraving

Bench Engraving and Plaque Guidelines

Each bench style has a unique set of specifications due to the size and number of boards that can be engraved. For the largest text, artwork and/or plaques, a 2" x 10" board is needed (Landmark or ADA Bench). For medium sized text, art & plaques, a 2" x 6" (Traditional or ADA Bench), or a 1 1/4" x 5" (Economizer-Traditional) would be used. Those benches using 2" x 4" or smaller planks, would only allow smaller text, artwork and/or plaques. Use these charts to determine which benches fit your engraving & plaque needs. See page 16 for additional information on plaques.

Bench Style	Engraving Board Sizes & (Quantity)	Standard Type Height	Maximum Artwork Height	Maximum Plaque Height
Landmark	2" x 10" (1)	3"*	8 1/2"*	8 1/2"*
Traditional	2" x 6" (2)	2"*	5"*	5"*
Economizer-Traditional	1 1/4" x 5" (2)	2"*	4 1/2"*	4 1/2"*
ADA Bench	2" x 10" (1)	3"*	8 1/2"*	8 1/2"*
	2" x 6" (2)	2"*	5"*	5"*
Deluxe	2" x 4" (3)	1 1/4"*	3"*	3"*
Economizer	1 1/4" x 3" (3)	1 1/4"*	2 1/2"*	2 1/2"*

* These bench styles use screws on the board fronts to attach to the frames. This can affect the placement and/or size of text, artwork & plaques on 6' & 8' benches, and may require some minor adjustments to be made. A scaled proof will be sent that shows necessary adjustments. **Maximum plaque height depends on plaque material.**

† These benches use bull-nosed (rounded) boards on the outside edges which reduces the maximum height of engravings and plaques. For the Park Classic and Silhouette, the middle board is still a standard 2"x4" so the larger height size applies only to the center board.

NOTES: Boards are standard nominal sizes, except for Economizer Traditional, Economizer, and Elite benches which all use smaller, lighter weight planks. Text, artwork and plaques can always be smaller than the maximum sizes. Default font is Times New Roman unless otherwise specified by customer. Maximum number of letters is approximate, depending on variations in the actual widths of letters used. Larger boards (2" x 10", 2" x 6" & 1 1/4" x 5") can have more than 1 line of smaller engraved text.

Custom Plaques

Benches can be personalized with a custom plaque made of plastic laminate, alloy metal or bronze cast metal.

Custom Plaques

4" x 8" - Gold laminate w/ Black letters

4" x 8" - White laminate w/Blue letters

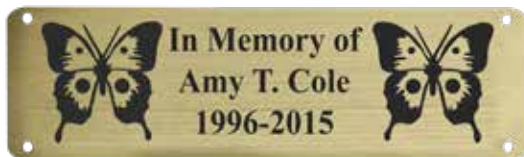

4" x 8" - CRWN - Bronze laminate w/Black letters

2 1/2" x 6" - Bronze Cast Metal Example

2 1/2" x 6" - CRWN - Bronze w/Black letters - Up to 3 lines

2 1/2" x 6" - CRWN - Gold w/Black letters - Up to 3 lines

2 1/2" x 8" - CRWN - Silver w/Black letters & Logo - Up to 3 lines

2 1/2" x 6" - Bronze Cast Metal

4" x 8" - Bronze Cast Metal

For information regarding sizes of plaques that will fit on specific benches, see chart on pg. 15.

Available Laminate Plaque sizes:

2.5H x 6W, 2.5H x 8W, 4H x 8W *Special plaque sizes upon request

The City of Portland, Michigan, used this program to provide over 200 park benches for several city parks and along an 8 mile river-walk trail, at no cost to the city.

Donate a
Park Bench

Donate a Park Bench

Our *Donate a Park Bench* Program can help local governments save tax dollars by encouraging community members to donate park benches or other park furnishings. Once a local government sets up the program for their community, then individuals, local businesses, charities or other groups can donate a park bench or other specified outdoor furnishings, for use in the community. These can be used for parks, walkways, bike trails, city streets, schools, bus stops, or any other public areas. Each item can be personalized with a plaque or custom engraving for recognizing the donor, a community group, as a memorial bench dedicated to a loved one, or another customized message. Since these are all donated by members of the community, there is no cost to local governments or the coordinating agency.

Contact us to set up or learn more about a *Donate a Park Bench* program for your community. We will provide you with the flyer, ordering form templates and all information you would need to get started.

Benefits of the Donate a Park Bench Program:

- **No Cost to Local Governments**
- **Promotes Local Businesses**
- **Supports Community Outreach**
- **Honor Veterans/Public Servants**
- **Memorialize Loved Ones**
- **Can be used for Fund Raising**

Flat Benches

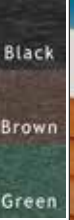

- Frames and seats are made from recycled HDPE plastic for low maintenance and durability
- Stainless steel fasteners
- Solid color-through UV protected material
- No rot, no rust, no splinters
- Never needs sanding or repainting
- Can be permanently anchored

Cambridge Flat Bench

The Cambridge Flat Bench provides comfort and style with rounded bull-nose 2" x 4" planks on the outside edges and 2" x 2" slats in the center for a 14³/₄" wide seat. This prevents water from collecting on the surface, making it fast drying so that it is ideal for locker rooms and pool sides.

KEY ITEM	WGT.	DESCRIPTION	DIMENSIONS	MILK JUGS CAPACITY	WEIGHT

Traditional Flat Bench

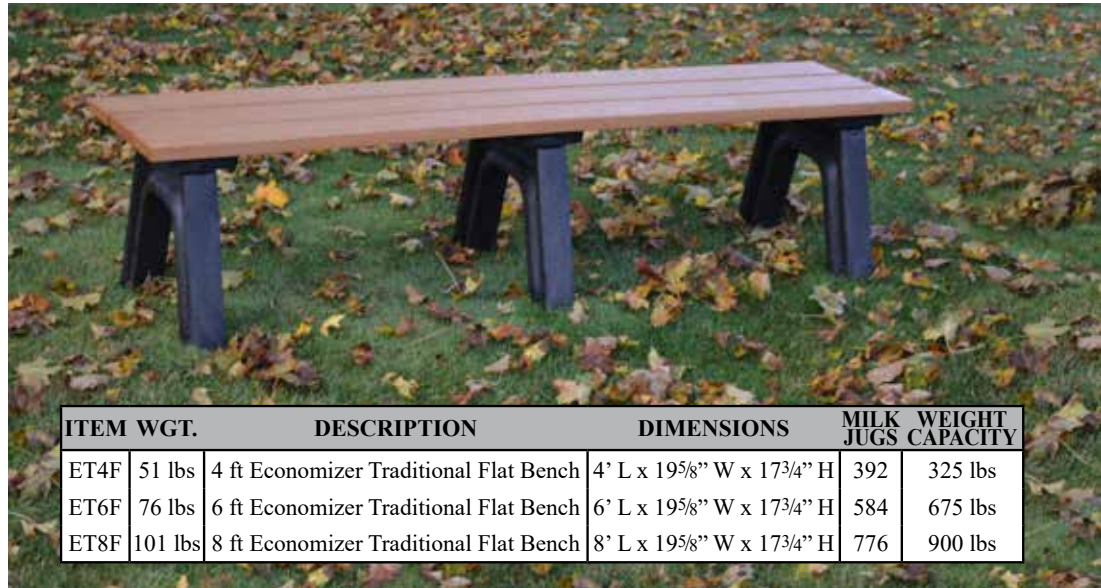

The Traditional Flat Bench offers a strong and durable design built with 2" x 6" planks made from recycled plastic. It features our widest flat bench seat at 17" wide, making it ideal for outdoor sports bench areas, as well as parks, trails and gardens.

Flat Benches

Economizer-Traditional Flat Bench

Uses the same design as our Traditional Flat Bench but with lighter weight 1¹/₄" x 5" planks instead of standard 2" x 6", for lower cost and shipping. The seats are 15⁷/₈" wide, providing comfort and roominess.

Elite Flat Bench

The Elite Flat Bench provides an upscale, modern appearance with a slatted design built from sandwiched 1¹/₄" x 3" planks. The 13³/₄" wide seat allows air flow and prevents puddling on the surface.

The Elite is the **ONLY** flat bench that can be engraved or have a plaque added, limited to edges of the seat only (see page 15).

Flat Benches

Landmark Flat Bench

The Landmark Flat Bench offers a simple and affordable option by using a single 2" x 10" plank made from recycled plastic as the seat. It provides easy to use seating that is functional and flexible for use in gardens, patios, hiking trails, playgrounds or parks.

Tables**

Standard Picnic Table

The Standard Picnic Table, available in 6 and 8 foot lengths, is based on traditional wooden picnic tables, but is constructed using recycled HDPE plastic for long lasting durability. It uses three 2" x 10" recycled plastic planks for a 29" wide table-top, and one for each of the 9 1/2" wide seats, with heavy duty 4" x 6" corner leg posts for extra support.

The Standard Picnic Table has two accessible table options, with an ADA Compliant overhang allowing wheelchair clearance on either one or both ends.

Deluxe Picnic Table

The Deluxe Picnic Table uses 2" x 6" planks for a 29" wide top and 11½" wide seats, with 4" x 6" corner leg posts for extra strong durability. It comes in 6 and 8 foot lengths, and with an ADA Compliant wheelchair accessible option. The 6' Deluxe table with detached seats provides step-in convenience and wider 17" seat depth.

Polly Table Hot Plate

The Polly Table Hot Plate is our solution to a major problem for parks and campgrounds: accidental burns and melt damage on their picnic tables caused by hot pans or grills. The Polly Table Hot Plate is high-heat resistant, so pans and pokers straight off the fire won't hurt it or the surface beneath it. It also provides a heat shield for tabletop grills. Available as an option to your table order, or independently to protect your existing tables.

Picnic Tables

Polly Tuff Easy Access Table

The Polly Tuff Easy Access Table uses three structurally engineered, one-piece proprietary leg frames molded solid from recycled plastic. It is the easiest to assemble, and the low frame profile allows easy access to seats, which also makes it ideal for those with limited mobility.

The Polly Tuff Easy Access Table is available in 6 ft. and 8 ft. lengths as well as an ADA Compliant model with an 8 ft. table-top and 6 ft. benches. All of the tabletops and seats are made with heavy-duty 2" x 10" recycled plastic lumber for strength and durability. The non-toxic and non-porous lumber is easy to keep clean and can be sanitized with the product of your choice. **Optional Polly Hot Plate, see page 24**

Open Hexagon Table

The Open Hexagon is one of our most popular picnic tables. Built from standard sized 2" x 4", 2" x 6" and 2" x 10" planks made out of recycled plastic, the engineered design delivers structural strength with easy-access seating for 6. The Open Hexagon is also available in an accessible version that provides wheelchair access.

Open Hexagon Youth Picnic Table

The Open Hex Youth table is a kid-sized version of our popular Open Hex table. It's perfect for kids aged 5-9, Kindergarten through third grade.

This heavy-duty table is made with full-sized lumber for decades of durability in YMCA's, waterparks, recreation centers, elementary schools, and parks. It's non-porous, non-toxic and easy to clean and sanitize.

Economizer Youth Table

The Economizer Youth table is a scaled-down version of our popular rectangular tables, designed specifically for children ages 5-9. Crafted with durable economizer lumber, this table offers a safe and fun space for young ones to play, learn, and create. Its smaller size makes it ideal for fitting into smaller spaces, such as play areas. The non-toxic, non-porous surface ensures easy cleaning and sanitization, making it a practical choice for any home or classroom environment.

Youth Picnic Tables

Round Activity Youth Table

The Round Activity Table offers a vibrant and durable play space for young children. Crafted from a brightly colored, 3/4-inch thick sheet of recyclable HDPE plastic, this table is both visually appealing and eco-friendly. Its rounded design promotes safety and provides ample space for children ages 3-6. The table's maintenance-free construction and easy-to-clean surface make it a practical choice for daycare centers, preschools, and indoor/outdoor play areas. Whether used for arts and crafts, snack time, or simply socializing, the Round Activity Table provides a fun and functional setting for young ones to explore and learn.

33 Gal. Round Receptacles

The 33-gallon Round Receptacles offer a functional and stylish waste management solution for various indoor and outdoor spaces. Choose between two lid options to match your needs:

- **Open Top:** Ideal for high-traffic areas where frequent waste disposal is necessary. This design also works well for larger items that might not fit easily through a covered slot.
- **Covered Top with Dual Openings:** This option helps contain, making it suitable for food courts, parks, or outdoor dining areas. The double openings on opposing sides allow for convenient waste disposal from any direction.

Durable and Easy to Maintain:

- **Built to Last:** The receptacles boast a sturdy black frame and lid construction for long-lasting use.
- **Colorful Accents:** Personalize the look with a choice of seven UV-protected colors for the lumber, adding a touch of style that complements your environment.
- **Simplified Waste Management:** A rigid liner is included to hold trash bags securely, promoting cleanliness and efficient trash removal.

Trash/
Recycle

All flat lids include engraving for designating trash and recycle containers. Choose from Trash, Landfill, Plastic, Paper, Cans, Glass or Recycle. (Excluding T40C)

Message Centers

- Polycarbonate windows are 30x stronger than acrylic and more durable against cracking
- Frames and posts are made from recycled HDPE plastic for low maintenance and durability
- Doors use one piece stainless steel piano hinge and rubber seals to keep weather out
- Weather resistant locks with keys secure and protect materials posted inside
- Tack-board is made from recycled rubber

Board Colors

Small

Message Center

The Small Message Center is available for wall-mounting or on a 4" x 4" x 6' or 8' post. The double sided center offers doors with display windows on the front and back.

Medium Message Center

The Medium Message Center can be used for a wall-mounted bulletin board or on 4" x 4" x 6' or 8' posts. Double sided unit has display windows on both sides.

Large Message Center

The Large Message Center can be mounted on a wall or on two 4" x 4" x 6' or 8' posts. The double-sided version has display windows on both sides.

3-Sided Kiosk Message Center

The 3-sided Kiosk Message Center is a freestanding informational display unit designed for outdoor use in high-traffic areas. Here's a closer look at its features:

- **Triple your display space:** With three separate panels, each viewable from a different direction, you can showcase a significant amount of information.
- **Secure compartments:** Each side has a lockable, sealed door to protect your posted materials from weather, theft, or vandalism.
- **Durable construction:**
 - **Display surface:** The standard backing for the informational materials is a recycled rubber tack board which is resistant to mold, rot, and wear and tear compared to traditional cork boards.
 - **Hinges:** The doors are equipped with piano hinges, known for their strength and stability
 - **Windows:** Polycarbonate windows are used instead of glass. Polycarbonate is shatter-resistant and lightweight, making it ideal for outdoor applications.

In summary, the 3-sided Kiosk Message Center is a functional solution for displaying information in parks, schools, and other public areas.

Check Local Hardware Store for Anchors.

The Emergency Kiosk Message Center

The AED/Emergency Kiosk Station is designed so you can keep the public informed and safe every day throughout the year. This kiosk is 3-sided, meaning, there is the option to have one or two sides dedicated to a message board displaying life-saving information/instructions. Then one or two sides can be dedicated to life saving equipment like a phone and/or emergency/AED equipment. The choice is yours on how you would like to keep the public informed and safe. Available with one or two mounting panels. Emergency equipment is not included. Check Local Hardware Store for Anchors.

Specialty Viewing Message Center

The Specialty Viewing Message Center offers an angled viewing window inside a sealed locking door. It is ideal for the display of geographical, historical, environmental or other information. Mounts with two 4" x 4" - 4' or 6' posts in the ground or surface with optional post mounting brackets.

Check Local Hardware Store for Anchors.

The Specialty Viewing Message Center is a secure display case designed to protect informational materials outdoors. Here's a breakdown of the key features:

- **Angled viewing window:** This allows passersby to easily read the posted information without straining, even if the message center is mounted on a post.
- **Locking door:** The information inside is shielded from the elements and vandalism.
- **Ideal for various content:** The message center can display historical information, maps, environmental notices, or any other relevant content.
- **Mounting options:** It can be installed on either 4-foot or 6-foot tall posts. These posts are standard 4 inches by 4 inches in size.
- **Ground or surface mounting:** The posts can be secured in the ground or bolted to a surface using optional mounting brackets (not included).

Overall, the Specialty Viewing Message Center is a versatile display solution for public spaces.

Recycled Plank Colors

Recycled Sheet Colors

We offer a wide variety of colors and materials, from our standard plank colors, to a variety of bright sheet colors, Color-Core and earth-tone sheet plastic of different thickness. Add to that our full pallet of resin inlay colors. Give us a call or email us with your idea, and we'll help you create a sign that will make an impression.

Pet Waste Products

Our Pet Waste products are perfect for dog parks community areas, trails and other outdoor areas where pets visit. Being made from recycled HDPE (#2) plastic and using stainless steel fasteners, our products are protected from the weather, cleaners, and even pet urine.

The Doggie Depot is our all-in-one solution with an easy to use bag dispenser, making it a dog park's best friend! Mounted on a trash receptacle with a rain-cap, liner, Easy Bag System (pg. 33) and lid lanyard. Our Easy Bag System makes it simple to change trash bags, so you can say goodbye to collapsed bags that make a smelly and yucky mess! The key-locked door securely dispenses both header and boxed-style bags. Make it easy for guests to grab, clean up, and go!

The Pet Waste Bag Dispenser can be mounted on a wall, fence or any post. It is also available as a post mounted kit with 6-foot-long 4"x4".

Bat House

Certified by Bat Conservation International • www.batcon.org

The Bat House is made from recycled HDPE (#2) plastic sheeting, so it will last longer than wood. It will never need painting, and is impervious to moisture, rot, mold & mildew, making it a clean and hygienic home for bats. Three chambers provide 675 cubic inches of living space, sufficient for a bat colony or nursery. The interior walls have machined grooves providing traction for climbing and roosting, and are safer for bats than plastic netting or metal mesh.

Bat Houses come fully assembled and include instructions for placement and mounting.

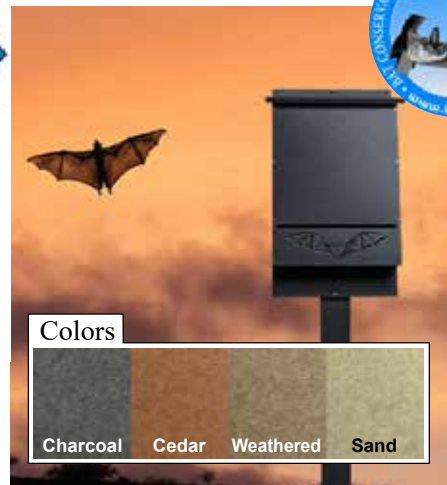

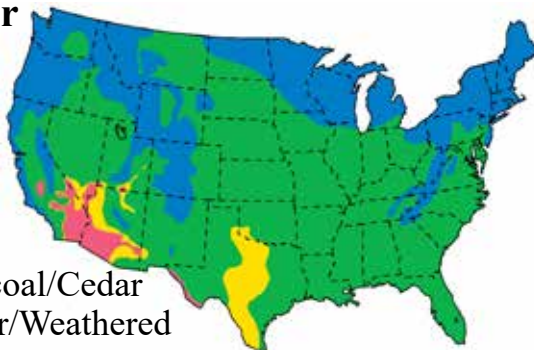

Bats are very misunderstood, endangered, and vitally important as pollinators and for insect control.

Visit www.batcon.org to learn more.

Choosing Bat House Color

Use this map to determine recommended color for a Bat House based upon July average high temperature and amount of sun exposure.

- – Darkest Color-Charcoal
- – Dark/Medium Color-Charcoal/Cedar
- – Medium/Light Color-Cedar/Weathered
- – Lightest Color-Sand

Bike Racks

Bike Racks are constructed using 4" x 4" and 2" x 4" recycled plastic lumber for the frames with 1" x 2" spindles and trim. They are available with 6 or 10 bike slots and come in two toned color combinations or a solid single color. Can be permanently mounted with anchor kits (pg.9).

Mile Markers

Mile Marker posts come with beveled top edges in either 6 or 8 ft lengths, and can be custom engraved with optional color inlays (see pg. 15). Can also be used for directional signage or as a post to mount your own sign on.

22" Cube Planter/ Flat Bench Seat

Our Planter Bench combines a 6' flat bench with two of our 22" planter boxes to create a cozy seating area. Add additional planter boxes and benches to create a custom configuration to suit your area or in-line seating approachable from either side. They match our Tall 40 gallon receptacles (pg. 32) and Cambridge Benches (pg. 6). The Cube Planter and Planter Bench are available individually so you can design your own layout!

Cancellations – TerraCast® Products manufactures products to order. Due to the possibility that expenses associated with an order may have already been incurred, TerraCast® Products must approve all cancellations of orders. Cancellation fees may apply.

Return Policy – No returns will be accepted without prior approval. All requests must be made within 30 days of the invoice date.

Product Return Eligibility – Requests to return custom items or modified standard products will not be accepted. Requests to return products that are unique to a Buyer will not be accepted. All returns must arrive back to TerraCast® Products in like unused or new condition. Items MUST be returned in the original packaging. Any damage to returned goods will be the responsibility of the Buyer. Products not manufactured by TerraCast® Products may be subject to the original supplier's return or cancellation policy. Once a return authorization is obtained from TerraCast® Products, Buyer is responsible for return shipping charges. No COD shipments can be accepted.

Return Fees – Authorized returns are subject to a 50% restocking fee if the reason for return is other than damage or defect. Prior written approval and instructions must be issued by our Customer Service Department before any merchandise can be returned.

Freight Delivery Policy – TerraCast® contracts shipping and freight services through third-party logistics providers. We ship FOB our factory (Mulliken, MI), Freight Prepaid. This means that the title for the shipment passes from TerraCast® Products to the buyer/consignee, who legally owns and bears the risk for the shipment. TerraCast® is not legally bound to accept those goods back. It is important to follow the procedures outlined on our website (www.terracastproducts.com/shipping-return-policy) to minimize delivery issues and the assessment of additional fees.

Shipment Inspections – Upon delivery, the carrier will provide you with a delivery receipt. It is vital that you verify that you have received the correct product, count the number of pieces being delivered, and inspect for damages prior to signing this document. No claims for incorrect or missing merchandise can be made unless it is recorded on this delivery receipt. Claims for concealed damages (damages that are not visually apparent through packaging) must be reported at time of delivery and noted on the Delivery Receipt. It is imperative that the Buyer inspect the shipment for concealed damages at the time of delivery. TerraCast® Products cannot be responsible for shipments not inspected by the Buyer at the time of delivery. Damage, error and shortage claims must be reported within 48 hours of delivery.

Shipment Claims – Once a claim is reported, Buyer should keep all packaging and paperwork until the inspection process is completed. Document the damage or loss with digital photos. Freight carriers require documentation to process claims. Photographs and the appropriate documentation will streamline the process. Should you have any questions or encounter any difficulty, please call our Customer Service Department at 305-895-9525 x105 or email at info@terracastproducts.com.

Made in America - Certificate of Authenticity
Certifies that all products are manufactured and assembled in the USA, using locally sourced recycled plastic. 95% of the materials used are manufactured in our plant located in the rural farming community of Mulliken, Michigan. We certify that our furnishings are made with at least 98% U.S.A. content.

20 YEAR WARRANTY

Whether in commercial or residential applications, all items manufactured by are warranted for 20 (twenty) years against defects in materials, workmanship and breakage in accordance with our published specifications. We further warranty our recycled plastic components not to rot, split, crack or splinter during this period.
